

Re-entry of Jamaican Citizens

All Jamaican citizens who made contact with the Embassy to advise that they were stranded in Europe within our jurisdiction, were advised to make use of the following website to commence the re-entry process: <https://jamcovid19.moh.gov.jm/>. As the website is currently experiencing heavy traffic, it is understood that it may be sometimes challenging to access the site.

Please see the attached instructions and requirements for registration. This re-entry process is only for Jamaicans who have been stranded globally and not for Jamaicans who wish to visit or return to Jamaica at this point for any other reason.

Submitted for your information.

CONTROLLED RE-ENTRY OF JAMAICAN RESIDENTS STRANDED OVERSEAS FREQUENTLY ASKED QUESTIONS

1. I submitted my online application and got a reference number, why haven't I heard anything since?

After you have submitted your application, it will be reviewed and if there is any missing information or other additional information that we require in order to consider it, you will receive an email notification asking for the additional information to be provided. This may take some time because of the number of applications we have received.

If no additional information is required, your application will be conditionally approved if it meets the Jamaican residence criteria and health criteria.

PLEASE NOTE THAT EVEN IF YOUR APPLICATION IS IN ORDER AND YOU MEET THE RESIDENCE AND HEALTH CRITERIA, IT MAY TAKE WEEKS FOR YOU TO RECEIVE CONDITIONAL APPROVAL. THIS IS BECAUSE THE NUMBER OF PERSONS WE CAN ACCEPT AT ANY TIME IS LIMITED BY OUR QUARANTINE AND ISOLATION CAPACITY.

We thank you for your patience and understanding. Working together, we will overcome COVID-19.

2. What should I do if I receive conditional approval?

After you have received conditional approval,

- a) You may start to make travel arrangements to travel to Jamaica.
- b) After your travel arrangements have been made, you must log back in to the application process to answer the health questions again, AND to complete the Immigration and Customs Declaration (C5) forms. This should be done no later than 3 days before your scheduled flight.
- c) After you have answered the health questions again and completed the Immigration and Customs Declaration (C5) forms, the health and immigration authorities will undertake a final review of your application and, if everything is in order, issue a travel authorization. You must take either a printed or electronic copy of the travel authorization with you when you travel as you will be required to present this in order to be permitted to board.

We are aware that regular flight schedules have been disrupted and therefore it may be a challenge to find flights. The Government of Jamaica is liaising with the major carriers to provide them with information on the number of persons in various high concentration locations so that they can try to arrange flights. HOWEVER, THE GOVERNMENT CANNOT PROVIDE ANY GUARANTEE OF FLIGHT AVAILABILITY TO JAMAICA FROM ANY PARTICULAR LOCATION.

We thank you for your understanding. Working together, we will overcome COVID-19.

3. What is the difference between a conditional approval and a travel authorization?

A conditional approval is granted when your application has been reviewed AND the health authorities have determined that they have sufficient quarantine and isolation capacity to allow you to return to Jamaica. A conditional approval does NOT, however, represent final approval to travel. It merely allows you to proceed to make your travel arrangements. WE STRONGLY ADVISE YOU NOT TO MAKE FINAL TRAVEL ARRANGEMENTS PRIOR TO RECEIVING A CONDITIONAL APPROVAL.

A travel authorization represents a final approval to travel and you will be required to present it in order to board. After obtaining a conditional approval and making your travel arrangements, you must log back in to the application process to answer the health questions again, AND to complete the Immigration and Customs Declaration (C5) forms. This should be done no later than 3 days before your scheduled flight.

We thank you for your understanding. Working together, we will overcome COVID-19
